Academic Year 2010-2011

Dear Business Owner,

Every year, the South Plainfield Board of Education, and staff of Grant Elementary School support the 6th grade class trip to Montclair State's field campus at Stokes State Forest to take part in the NJ School of Conservation's environmental education programs.

The 300+ students experience two nights and three days of nature at its best including hiking, team building exercises, survival skills, campfires, a dance, and plenty of good, healthy food. The children learn independence and interdependence while making friends, learning and growing.

This trip is funded by the Grant School PTO and the students. With expenses expected to exceed \$44,000, we look to our community for support. South Plainfield is a community that takes pride in its youth. Investing in our children is investing in our community's future. All donations we receive, big or small, help offset the cost of the buses and the trip.

Please consider being a part of our success! Donation can be made payable to "Grant PTO-Stokes 2011" and mailed in the enclosed envelope to Grant School PTO/Stokes 2011, at the address above. Your first class stamp helps us even more!

If you are unable to provide a monetary donation, but you are able to donate goods, services, gift cards, or similar, please contact us. We have a variety of fundraisers on our calendar this year and will find a way to make your donation work! Your company will be publicly recognized in the South Plainfield Observer upon or before the close of this initiative.

Thank you in advance for your consideration. For more information, please feel free to contact us.
Regards,

Madeline Christilles
